This outstanding documentary (Nazis: The Occult Conspiracy) clearly presents the Nazi occult agenda attain world domination through eugenics and the re-discovery of the Germanic peoples lost secret of their 'Atlantian' roots in order to recover what they believed would be a god-man supremacy status and right to rule the world! The current hybrid-breeding program under the oversight of Satan and his fallen hosts is fully operational and the out growth of the Nazi lebensborn program. The contemporary perception these hybrids is currently veiled under the deceptive guise that these entities are E.T's (aliens from other worlds) and represent a more advanced 'evolutionary' species of homo sapiens namely, the new-age homo noeticus. The Fourth Reich or NWO under the aegis of the anti-christ is far more advanced than most people can imagine!
