### The Watchers with L.A. Marzulli

A UFO hovering over the Temple Mount? Alien implants and the doctor who removes them? Captured video footage of otherworldly orbs, real UFO's, cattle mutilations and abductions? Who else brings this kind of shocking material to the program but L.A. Marzulli? His new DVD, The Watchers, might frighten you.

The Watchers - Part 1 from J.R. Church on Vimeo.
